### Solemnity of the Most Holy Trinity

Reading I	Proverbs	8:22-31
Reading II	Romans	5:1-5
Gospel	John	16:12-15

Jesus promises the disciples that the Spirit of truth will come who will guide them to all truth. Our temptation might be to want it all now or to assume that we already have all truth. We live in promise, opening ourselves to the truth. We will come to truth in God. We do not possess truth, but rather will come to be possessed by truth. The truth of God is a relational truth. Our experience of God is the loving relationship of the Father, with the Son, in the Spirit. The relationship expressed in the Trinity is one of harmony and peace. This inter relatedness can encompass us. When we trust in this gift of peace we can begin to live with greater and greater hope. One result of this Spirit-induced hope will be an increase in our awareness and appreciation and participation in the delights of creation..

**“Change for Change”**

We are all spread so thin with time pressures and financial demands. It seems that there is no end to the requests for our time and financial assistance...how can we help?...how can we feel we are making some positive difference in our St. Thomas community? Think “Change for Change!” Home visits are an essential part of our St. Vincent de Paul ministry...and our success is a direct correlation to the generous financial support we receive from our fellow parishioners here at St. Thomas...specifically through the donation received at the six Masses on the first Saturday/Sunday of every month. The next appeal will be Saturday, June 1 and Sunday, June 2...Please consider this opportunity to be our assistants in this ongoing expanding effort to make a difference in a few struggling families’ lives, when more often than not this “struggling” is a direct result of a sudden health problem or a job loss situation. We make every effort to provide that one-time financial “hand” that will pick up these special people in our community and assure them that we are all children of a good and caring God. We serve as His ministers to their needs.

For the long run, beyond just your June support, please consider throwing that dirty ol’ change in a can or jar each evening and bring it to St. Thomas the first week-end of each month. Your “change” will help effect a very positive “change” in these special peoples lives...“Change for Change!!” Thank you!

BTW...our St. Thomas Food Pantry is running low on several items...particularly pancake mix and syrups...Please be generous with your Food Pantry donations also..Peace.

Please remember St. Thomas Church in your will..

## YOU CAN HELP OUR SCHOOL

Several years ago all schools lost a program that helped fund the purchase of new textbooks. The impact of that loss on St Thomas School was certainly felt, as we received close to \$15,000 annually to help make those purchases. Ever since that loss was felt we have had lobbyists, such as the Catholic Conference of Illinois working to bring it back. There is a grassroots effort taking place currently to allow our voices to be heard on this matter and house bill 2321 was just introduced in the Illinois General Assembly. Please consider taking a few minutes and use the pre-written letter to send to your state senator or representative.

*"I urge you to help restore funding for the Textbook Block Grant Program in the Fiscal Year 2014 proposed budget.*

*Beginning in 1975, the purpose of the program is to provide secular textbooks and instructional computer software to public and nonpublic students grades K-12. Students cannot learn or succeed without effective and up-to-date learning materials, and for over thirty years, this program has helped ensure accurate and up-to-date textbooks and other instructional materials are present in ALL schools. In Fiscal Year 2009, the program provided 849,214 instructional items to pupils in grades 7 through 12. There may not be any grant programs in the budget of the State Board of Education that have had as far-reaching an impact for as long a time. Providing good textbooks and instructional materials to children is a fundamental responsibility of the state, and this is the only state program that requires all its resources be spent on learning materials for students in classrooms. In Fiscal Year 2009, this program was funded at \$42.8 million. We understand it is unrealistic to expect that level of funding could be restored in one year, but we do recommend that the funding for the program be restored at some level. The Illinois State Senate included \$9.5 million for this program in its Fiscal Year 2012 budget. Additionally, there are current appropriations bills, House Bill 2321 introduced by Representative Kelly Burke and Senate Bill 2152 introduced by Bill Cunningham, that we ask you to co-sponsor and support. Considering the widespread service and importance of this program, we hope and urge you to include funding for this program in the Fiscal Year 2014 budget. Thank you."*
